

Idaho Office of Emergency Management Presents

ICS 300 Intermediate ICS for Expanding Incidents

Please register by October 11, 2016

Course Description

This course provides training and resources for personnel who require advanced knowledge and application of the ICS. The course expands upon information covered in the ICS-100 and ICS-200 courses.

Target Audience

This course is intended for individuals and field (ICS) personnel who may be assigned supervisory roles during Type 1, 2, and 3 incidents.

Note: During a Type 3 incident, some or all of the command and general staff positions may be activated, as well as division or group supervisor and/or unit leader positions. These incidents may extend into multiple operational periods.

Course Topics

- Describe how the NIMS command and management component supports the management of expanding incidents.
- Describe the incident/event management process for supervisors and expanding incidents as prescribed by the Incident Command System.
- Implement the incident management process in a simulated Type 3 incident.
- Develop an Incident Action Plan for a simulated incident.

Prerequisites

Required: ICS-100, ICS-200, IS-/ICS-700, and IS-/ICS-800.

Recommended: None

Course Completion

Participants, who actively participate, attend the entire course and successfully complete the course will receive a BHS Certificate of Completion.
