Annual Report 2006

Photo by Denise Gibbs

Dedicated to Retired Director Michael N. Becar
Serving POST from 1979 to 2006

Professionalism Through Training

IDAHO DEPARTMENT OF FISH AND GAME
600 South Walnut/P.O. Box 25
James E. Risch / Governor
Boise, Idaho 83707
Steven M. Huffaker / Director

July 1, 2006

James E. Risch
Governor of Idaho
State Capital Building
Boise, ID 83720

Dear Governor Risch,

It is my privilege to present to you the Peace Officers Standards and Training Annual Report for 2006. The POST Council and staff have witnessed visions turn into realities, taken on new challenges, honored the successful career of our Executive Director, and have prepared for new beginnings.

I would first like to recognize the service of Executive Director Mike Becar. After 27 years with POST, and as our Executive Director since 1995, Mike decided to retire from public service in order to spend more quality time with his wife and family. POST's growth and commitment to high standards of ethics and integrity are a result of Mike's leadership and vision. All of us on the Council and staff at POST wish him well.

Members of the POST Council and staff are honored to serve the people of Idaho through their commitment to train and prepare public safety officers of this great State. During this past fiscal year, POST conducted 13 academies in Basic Patrol, Detention, Correction, Juvenile Detention, Probation and Parole, Juvenile Probation, and Dispatch, sending 678 new officers into the service of their communities. POST also provided in-service training to officers throughout the state. We are proud of our commitment to the highest professional and educational standards for our peace officers.

Our search for a new Executive Director is in progress. We have several highly qualified candidates for the position. It is our desire to announce and hire a new Executive Director by early fall of 2006.

On behalf of the POST Council and Staff, thank you for the support you demonstrate to all of Idaho's law enforcement and correctional officers.

Sincerely, 

Enforcement Chief, Idaho Fish and Game
Chairman, POST Council

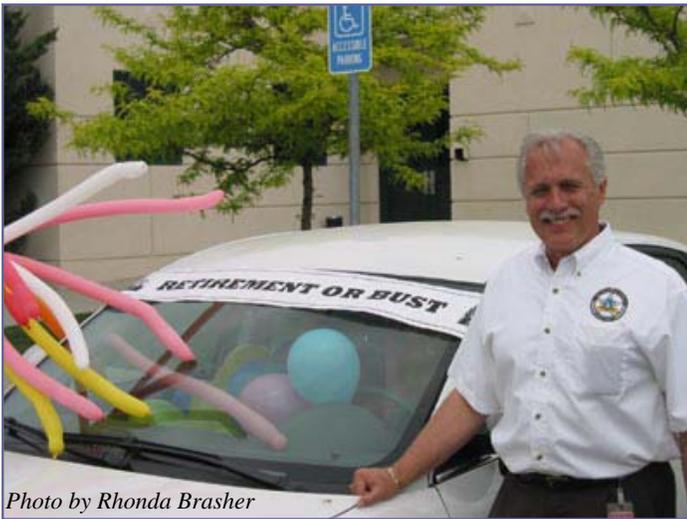

Photo by Rhonda Brasher

Retired Executive Director Michael Becar

Mike Becar started with POST in 1979. Working through the ranks for 27 years, he went from regional training specialist to Executive Director, appointed as Director in 1995. Before POST, he worked 12 years for Caldwell PD as patrol sergeant and shift commander. He partnered with Boise State University to provide a pool of applicants to local agencies with basic police training and Criminal Justice degrees. He is a University of Idaho graduate with a B.S. in Education, Trade and Technology. A member of Phi Kappa Phi honor society of BSU, he was elected Law Enforcement Employee of the Year in 1990. He is a graduate of FBI's National Academy and Intermountain Command College. He holds POST Advanced, Management and Executive certifications. He is married, is a father to four children and grandfather to ten. He and his wife were foster parents eight years and he is a past chairman of the Casey Family Foster Program. He is a past president of Idaho Peace Officer's Memorial Fund, listed in Who's Who International and Who's Who in the West. His affiliations include: CJ Council for BSU; FBI Academy Committee ID; Executive Committee WRICOPS; Idaho State Planning Council on Mental Health; Multijurisdictional Counterdrug Task Force Training Advisory Board FL; Advisory committee for State and Local Programs division of Federal Law Enforcement Training Academy, and Kiwanis International. He is a past president of International Association of Directors of Law Enforcement Standards and Training, and a governor-appointee to the Medal of Honor Commission.

Once again, it is our pleasure to provide you with the annual business report for 2006. We hope this information is helpful. Idaho Law Enforcement Agencies are competent and professional and doing as much as, or more, to address ethical issues than any other state. I am very proud of the law enforcement officers in Idaho and consider it an honor to have provided some small part in the training and professionalism of all Idaho officers. As I end my 39 years of law enforcement in Idaho and turn a new page in my chapter, I wish every one of you the very best in your careers, and pray that you stay safe as you go about your law enforcement duties. ~MB

Photo by Denise Gibbs

From Our Acting Director...

**Deputy Director
Doug Graves**

Doug has 28 years of law enforcement experience in a variety of assignments. He started with Orofino PD then served 10 years with Clearwater CSO. He worked for the Criminal Div. of the Attorney General's Office and Juvenile Justice Unit of Health and Welfare. He has worked for POST, on two occasions for 13 years. He first coordinated Basic Academies with Mike, then in 1995, was the Grants Coordinator. From Supervisory Training Specialist he was promoted in 2001 to Deputy Director and is now Acting Director. He teaches Ethics, U.S. Constitution and Child Abuse Investigation. He serves on Gov.'s Drug Policy Advisory Board, the STOP Violence Against Women planning board, and Gov.'s Mental Health Planning Council. He has a B.S. in Social Science from Lewis-Clark State College. He graduated from NW University School of Police Staff and Command, and the FBI Academy. He holds Advanced, Masters, and Management certifications from POST. He and his wife Jan have four children and five grandchildren.

They say change is inevitable, for POST change is just a way of doing business. Whether it is changing the way we teach fitness or changing the number of hours in the basic academy, things are always moving at a rapid pace in our environment. The POST staff has learned to work their magic in an ever-changing landscape. This year we are experiencing a major change--a new director! We dedicate this annual report to the 27-year career of Director Becar. He accomplished so much for POST and for law enforcement in Idaho.

The last year is full of accomplishments. Just the other day I signed the first certificate of Basic Certification for Idaho Department of Correction Officers. As I did, I thought about the wonderful work POST staff accomplished, working with IDOC personnel developing a basic training program that will meet POST standards. This was no easy task and came about by the persistence of many dedicated POST and IDOC staff people willing to roll up their sleeves and get the job done. Now the vision set forth by the Idaho Legislature several years ago is a reality and the training will only continue to improve over the next several years.

Leadership training on all levels continues to be a priority for POST. This year an exceptional cadre of instructors, Gordon Graham, Dr. Kevin Gilmartin, and Lt. Col. Dave Grossman were featured at the Walking Up Stream conference in Nampa. Each taught on how to survive in law enforcement. Graham gave strategies for surviving the legal minefields of our business, Gilmartin held up a mirror as he spoke about surviving emotionally, and Grossman reminded us that denial is the enemy of surviving a violent encounter.

The 40-hour First Line Supervision academy was held in Meridian and in Coeur d'Alene, equipping new supervisors with tools to become effective leaders in their agencies. Leadership for the street officer is being emphasized in the Basic Academy, helping the new recruit realize that they are leaders in their community and that it takes both character and competence to be a successful law enforcement officer. The Franklin-Covey 7 Habits for Law Enforcement leadership series was made available at no cost or low cost to any agency requesting it.

We all know that technology continues to change. POST has always embraced technology and made great strides to incorporate it into all of our programs. You have the ability to get the entire training history of each individual in your agency from our website. You can track all training provided by your agency to your officers--even those non-POST accredited classes that you present at your agency--through our Mandatory Training Recording System on our website. Distance Learning through CDs continues to increase. Nearly 100 hours of pre-academy training are available at no cost to your agency, directly at your agency. Law week was converted to CDs and is available for both new academy students and challenge officers. Beginning with the October academy, a total of 17 CD training classes will be required to be completed prior to attending a basic academy session.

The other change that is becoming more noticeable is the growth in numbers of the POST staff. Over 30 strong, they do the work of 60 statewide. It is the dedication of the POST staff that allows us to successfully navigate this changing environment. It is because of the quality of people who work here, that I know we will continue to deliver the very best training available to every law enforcement, correction, detention, probation and parole officer in the state. They are POST - and I personally thank them for all that they do each and every day. ~DG

POST Council Members

POST Council members represent law enforcement and organizations within the law enforcement community. Their principle purpose is to set and enforce the training, education and standards for Idaho Peace Officers. Members are appointed by the governor and serve a four-year term. Quarterly meetings are conducted at different locations statewide. Members receive no compensation but are reimbursed for travel and per diem expenses. Appointment to the POST Council is considered an honor and members are very conscientious working hard for the refinement of law enforcement in Idaho.

Chairman Jon Heggen
Chief of Enforcement
Idaho Fish and Game

Vice Chairman
Gary Aman, Sheriff
Owyhee County

Tom Beauclair
(Former) Director
ID Dept. of Correction

Stephen Bywater
Chief, Criminal Div.
Attorney General

POST Council Chairman, Chief of Enforcement of the Idaho Fish and Game Department, Jon Heggen
Enforcement Chief Jon Heggen began his law enforcement career in 1985 in Mitchell, SD, as a Wildlife Conservation Officer for South Dakota Game, Fish and Parks. He left South Dakota in 1988 to become a Conservation Officer for Idaho Fish and Game. He was first stationed in Arco and then moved to Yellow Pine. In 1997 he was promoted to District Conservation Officer in Idaho Falls. In 1998, he was promoted to Regional Conservation for the Upper Snake region and transferred to Salmon as the Regional Conservation Officer in 2000. In November 2003 he was promoted to the position of Enforcement Bureau Chief for Idaho Fish and Game. He received a B.S. in Wildlife Biology from the University of Montana in 1981, and is a graduate of Idaho's Certified Public Managers program. (<http://www2.state.id.us/fishgame.html>)

POST Council Vice Chairman, Sheriff of Owyhee County, Gary Aman
Sheriff Gary Aman started his career in law enforcement in 1978 as a Homedale P.D. Reserve Officer. In 1980, he was hired full time as a jailer/dispatcher for Owyhee County. In 1981, he was hired as a Patrol Deputy. In 1983, he was appointed Chief Deputy. In 1996, he was elected as Sheriff of Owyhee County and has held that position since. He was appointed to the Idaho POST Council in January of 2005. He holds Advanced and Executive Certificates from POST. He attended the FBI National Academy in 1991. Being on the POST Council has always been one of his career goals and he feels it is an honor to be serving in that capacity now.

[Former] Director of the Idaho Department of Correction, Tom Beauclair
Tom Beauclair worked for the Department of Correction for over 30 years holding numerous positions including treatment, security, and community corrections. An educated leader, he has 15 years experience as an adjunct faculty member. He became the Director in 2001. He oversaw 8 state prisons, 1 private prison, 5 community work centers and 23 district probation and parole offices. He is now coordinating the department's transition to a new director, Mr. Vaughn Killeen. Correction manages 18,000 offenders in Idaho. (<http://www.corrections.state.id.us>)

Chief of the Criminal Division of the Idaho Attorney General's Office, Stephen Bywater
Stephen Bywater is currently serving as the Chief of the Criminal Law Division of the Idaho Attorney General's Office. He earned his law degree from the University of Utah in 1976. He has been a Deputy Attorney General since July 2000. He is a former Prosecuting Attorney and Deputy Prosecuting Attorney for Cassia County serving in those positions from 1977-2000. He is a former member of the Board of Directors of Idaho Prosecuting Attorneys Association and the Idaho Criminal Justice Council from 1994-2000. He was Public Defender for Minidoka and Cassia counties from 1976-1977. He was appointed to POST Council on July 29, 2004. (<http://www2.state.id.us/ag>)

POST Council Members

Dan Chadwick
Executive Director
Idaho Assoc. of Counties

Dan Charboneau
Colonel, Director
Idaho State Police

Lee DeVore
(Retired) Chief of Police
Twin Falls Police Dept.

Ken Harward
Executive Director
Assoc. of Idaho Cities

Executive Director for the Idaho Association of Counties, Dan Chadwick

Daniel G. Chadwick is Executive Director of the Idaho Association of Counties and has been in that position since 1990. He has served as a POST Council member since that time by virtue of that position. He is a member of the Idaho State Bar and is licensed to practice in the state of Idaho and before the federal courts in Idaho. Previously he served as a Deputy and Division Chief in the Idaho Attorney General's office and was a Deputy Prosecuting Attorney for Payette County. Mr. Chadwick is a veteran of the U.S. Air Force, receiving his Honorable Discharge in 1978 after 7.5 years of service. (<http://www.idcounties.org/>)

Director of the Idaho State Police, Colonel R. Dan Charboneau

Col. Charboneau's career spans 36 years, from 1970 with Boise Police Dept. to the Idaho State Police (ISP) as a Trooper in 1972. His road to Director took him through 22 years of drug and criminal investigations, from Idaho Bureau of Narcotics in 1975 to Investigations in 1982. He was Special Agent in Charge supervising a 14-county area. In 1985, he was Captain of Field Operations/Deputy Bureau Chief. In 1997, as Bureau Chief of ISP Bureau of Forensic Services, he oversaw three forensic labs and their scientists. He was an Investigations Major for ISP in 1998, then Public Safety and Security Major in 2002, overseeing the National Governor's Association visit. In December 2002, he became Director of the Idaho State Police. He implemented Idaho's Drug Endangered Children program. Throughout his career, he has continued his law enforcement education and certification from state, federal and international associations and is certified to teach narcotics enforcement and semi-automatic handgun usage. He is a member of the ID Chiefs of Police Association and the ID Sheriffs Association; the ID Board of Medicine; the ID Law Enforcement Telecommunications System (ILETS) Board; the Information Technology Resource Management Council (ITRMC); the POST Council; the Statewide Interoperability Executive Council (SIEC); the ID Emergency Communications Commission; and the ID Criminal Justice Council (<http://www.isp.state.id.us>).

[Retired] Chief of Police for Twin Falls Police Department, Lee DeVore

Chief DeVore began his career in 1963 with Fullerton Police Dept., CA. serving in various positions. From 1971-1986 he was promoted to sergeant, lieutenant, then captain. He managed all divisions. He served as Interim Chief then retired in 1994. In 1995, he became Chief of Police in Twin Falls, serving until another retirement in 2006. He has a B.A. in Police Admin. from Cal State, an M.A. in Management from Redlands, and graduated from CA Command College. Affiliations include Police Executive Research Forum, International Assoc. of Chiefs of Police, ID Chiefs of Police Assoc., and he is a member of CA Peace Officers Assoc. He served on the POST Council, for a time as Chairman, until his retirement. He and his wife, Barbara, have four children and five grand children.

Executive Director of the Association of Idaho Cities, Ken Harward

Mr. Harward is the Executive Director of the Association of Idaho Cities, a position he has held since January of 1998. He served as the City Administrator and Finance Director for the City of Nampa, from March of 1974 until he took the reins of the Association of Idaho Cities. He has graduate and undergraduate degrees in public administration from the University of Utah. Mr. Harward was appointed to POST Council on February 19, 1998. <http://idcities.govoffice.com/>

POST Council Members

Jerry Hubbs
(Retiring) Chief of Police
American Falls Police Dept.

William 'Bill' Musser
Chief of Police
Meridian Police Dept.

Brent Reinke
Director of Idaho Dept.
of Juvenile Corrections

Dominic Venturi
Supervisory S.R.A.
Fed. Bur. of Investigation

[Retiring] Chief of Police for American Falls Police Department, Jerry Hubbs
Chief Hubbs served in law enforcement for over 25 years. He worked through the ranks then was Chief for ten years. He has also served as Chairman while serving on the POST Council. He has a B.S. from Brigham Young University in Criminal Justice Administration. He is a certified Emergency Medical Technician.

Chief of Police for Meridian Police Department, William (Bill) Musser
William Musser was born and raised in Idaho. He lives in Meridian with his wife, Kim, and their daughter. He was appointed to the position of Chief of Police for the City of Meridian in 2003, after serving 22 years with the Meridian Police Dept., where he rose in the ranks from Reserve Officer to Captain. He is a graduate of Boise State University with a B.S. and A.S. in Criminal Justice Administration. He is also a graduate of the FBI National Academy, the NW University Staff and Command, and many other law enforcement training programs, including POST Basic Academy. He holds Idaho POST Advanced and Management Certificates. He is an active member of Meridian Kiwanis, Idaho Chiefs of Police Association, International Association of Chiefs of Police (IACP), and Police Executive Research Forum (PERF). He is a board member for Drug Free Idaho, Safe and Drug Free Schools and Communities, and Men Today and Men Tomorrow. He believes in the nine principles of policing provided by Sir Robert Peel almost two centuries ago, in particular, that the police are the public and the public are the police. It is Chief Musser's philosophy that we must build partnerships within the community in order to respond to and serve the needs of the community—for our service and commitment is a reflection of the personality of our community and ourself.

Director of the Idaho Department of Juvenile Corrections, Brent Reinke
Brent D. Reinke was made Director of the Idaho Department of Juvenile Corrections by gubernatorial appointment in May 1997. During his tenure, Director Reinke has guided the department in implementing the Juvenile Corrections Act of 1995, developing a 10-year needs assessment and master plan, and providing funding and assistance to counties to establish youth programs. Mr. Reinke believes that few responsibilities are more critical to the success of Idaho than helping our youth become healthy and productive citizens. It is his personal commitment to develop not just a department, but a coordinated statewide juvenile justice system. Director Reinke oversees the department's current juvenile institutions in St. Anthony, Nampa, and Lewiston and over 30 contract providers as well as six district offices and the Boise office. The department is made up of approximately 350 employees and serves about 800 juveniles a year. Formerly a Twin Falls County Commissioner and Filer City Councilman, Director Reinke served in local public office for 11 years prior to his state service. Mr. Reinke maintains his residence in Filer, Idaho. He and his wife Carla have five sons. (<http://www.djc.state.id.us/>)

Supervisory S.R.A. for the Federal Bureau of Investigations, Dominic Venturi
Mr. Venturi, Jr. was appointed as a Special Agent of the Federal Bureau of Investigation in 1985 and was assigned to the Jackson, Mississippi, field office. In 1989, he was assigned to the Critical Incident Response Group located at the FBI Academy, Quantico, Virginia. After earning his Masters of Business Administration, he was promoted to Supervisor and assigned to FBI Headquarters in 1996 where he served in the Domestic Terrorism Section and the Office of Inspection. In 1999, Mr. Venturi was assigned to Boise, Idaho, to direct FBI investigations throughout its four offices in southern Idaho.

POST Council Members

Rocky Watson
Sheriff, Kootenai
County Sheriff's Office

Dan Weaver
Chief of Police
Moscow Police Dept.

David Young
Prosecuting Attorney
Canyon County

Sheriff of Kootenai County, Rocky Watson

Rocky Watson was born and raised in North Idaho. He served in the U.S. Marine Corps during the mid-60s. He then spent 15 years in law enforcement starting his career as a Police Officer with the Spokane P.D. and ending as Sheriff of Kootenai County in 1981. Rocky served as the Post Falls Assistant Chief of Police from 1970-1977. He was elected Sheriff of Kootenai County in 1977 and served until 1981. He spent the next 20 years in the private security industry managing the Watson Agency, and contracting with a variety of state departments; the U.S. Dept. of Defense, the U.S. General Services Administration, the U.S. Forest Service, and numerous state, county and city governments, and the U.S. Consulate in Vancouver, BC, Canada. He holds a Certified Protection Professional Certificate with the American Society for Industrial Security. He was appointed Sheriff of Kootenai County in June of 1999, and then elected to office in 2000. He is currently in charge of a department with 200 employees and an annual budget of over 8 million dollars. He attended North Idaho College and Lewis-Clark State College. He received a Certified Police Officer's Certificate from the POST Councils in Idaho and Washington, and has an Executive Certificate from the Idaho POST Academy. He has attended the Idaho Sheriff's Academy, National Sheriff's Institute at the University of California, the University of Pittsburgh, and was appointed to a 4-year term by former Governor Kempthorne to serve on the Idaho POST Council.

Chief of Police for Moscow Police Department, Dan Weaver

Daniel L. Weaver is the Chief of Police for the City of Moscow. He has been involved in police work in Idaho for the past 32 years. He has served in every major division of the police department before becoming chief in 1995. He earned a B.S. degree in criminal justice from the University of Idaho and a Masters Degree in educational administration. He is a graduate of the FBI National Academy, and Delinquency Control Institute. He has over 2700 hours of additional POST training and possesses the basic, intermediate, advanced, management, and executive certificates through the Idaho POST Council. He is currently a guest instructor at the University of Idaho and is a past board member for the Moscow Chamber of Commerce. He is an active member of the Idaho Chiefs' of Police Association and the International Association of Chiefs of Police. He serves as a member of the legislative committee for the Idaho Association of Cities, and is a member of the Advisory Council for the National Institute of Justice, Rural Law Enforcement Technology Center. He fully supports the ideals of continued training and education and is dedicated to professionalism of law enforcement in Idaho. He is a lifelong resident of Idaho, is married, and has four children.

Prosecuting Attorney for Ada County, David Young

Dave Young received his undergraduate degree in Business Administration from Boise State University in 1974. He worked 10 years in real estate before returning to school, receiving his Juris Doctorate from the University of Idaho in 1986. He was admitted to the Idaho State Bar in 1987. After graduating from the University of Idaho, he practiced law in Canyon County for over five years. He was elected Canyon County Prosecuting Attorney in 1992, taking office in 1993. He was appointed to POST Council in 1997 and was chairman in 2000. He served as President of Idaho Prosecuting Attorney's Association in 2001 and is currently serving a second term as IPAA President. First located in Pocatello, the Idaho POST Academy opened in 1970 then moved to Boise in 1980, then relocated in 1994 to Meridian, sharing facilities with the Idaho Department of Law Enforcement (now the Idaho State Police). This 43-acre campus includes a fully equipped forensic lab and Idaho's criminal records computer systems under ISP. POST occupies two training buildings, an emergency driving track, a dorm and a full-service cafeteria.

The main training building houses two auditorium-style classrooms seating 50-75 students, with computers, A/V equipment, and command centers. A document camera displays documents or 3-D objects. Special projectors convert slides to video allowing zoom/edit options. Classrooms receive LETN Law Enforcement Satellite broadcasts and cable TV channels. Video cameras monitor/record classes for students too ill to be in class so they can watch lectures from a lounge. Four classrooms are constructed in standard flat configurations for various practical exercises, with A/V equipment, and one has a sink for forensic training.

There are F.A.T.S. III Shoot-Don't-Shoot and Range 2000 firearms systems onsite. ISP's Commercial Vehicle Services maintains a complete video production studio onsite, too. The main training building has a 25-person computer lab with internet access, applications for crash investigations, drug evaluations, and online patrol reports.

The new training building is 17,407 square feet, consisting of two 80-seat theater classrooms and one large 100-person classroom that can be divided into two 50-person classrooms or four break-out rooms. It also has a 40-person computer lab with wireless access,

a cell block, a training apartment, and Shoot-Don't Shoot firearms simulation room. The practical portion of the building, where the cell blocks and training apartment are located, can be sealed from the rest of the building and filled with liquid smoke for fire evacuation training.

The new building also houses offices for training coordinators and new support staff. POST has moved all academy coordinators into the new building for basic training while using the existing training building for in-service and continuing education, as well as an overflow for basic training. POST has now grown to a staff of 38 and most wear more than one hat in meeting our growing needs. New staff includes a Financial Specialist, a Technical Records Specialist and an Office Specialist in the new building, a second Training Associate, and a much-needed seventh Training Specialist helping coordinate academies. One Training Associate coordinates the Self-Sponsored Student program while the new Training Associate will concentrate on curriculum writing.

The Emergency Vehicle Operations Course (EVOC) occupies 10 acres onsite. An excellent fleet of cars with roll bars, radios and emergency equipment, is available for use on a mile-long course. An asphalt pad allows vehicle training skills. POST HQ has 3 SkidCar frames attached to standard patrol vehicles for loss-of-control situations/reduced traction at safe speeds. One section tests perception/reaction time with 3 functional traffic lights. Vehicles cross an electric eye beam starting a timer allowing instructors to activate lights at a reactionary time within 1/100s of a second. POST has two more SkidCar frames in regional areas at Coeur d'Alene's North Idaho College and Pocatello's Idaho State University.

Welcome to POST...

Special Investigator

Management Assistant
Patricia Christy

An onsite, two-story dorm with 40 rooms accommodates two students per room, with showers, restrooms, phones, and desks. Lounge areas with pool tables, TVs and VCRs are on each floor along with laundry rooms. An onsite cafeteria is staffed by fulltime personnel serving three daily meals during academies. The cafeteria has a networked executive meeting room used as an overflow classroom.

POST conducts year-round academies including: Correction, Detention (adult), Dispatch (basic and advanced), Juvenile Detention, Juvenile Probation, Patrol (basic), Private Prisons, Probation and Parole, Transition, and Reserve Academies. POST also coordinates thousands of hours of in-service training annually.

With a strong emphasis on physical training, the main building includes a college-sized gym, weight room, indoor training tank, and locker rooms. A padded mat room is used for arrest techniques and defensive tactics instruction. The gym has an electronic curtain to divide it into two rooms for training. The facility has a stage and floor covering which convert to a theater for graduations and special presentations with a built-in sound system. A special car in the training tank is used for rescue training scenarios.

POST continues to convert Basic Academy Training classes to CDs. Before the October 2005 Patrol Academy, students received all of "Law Week" training on CDs. These 60 hours of training, along with the 62 hours currently taken, are required to be completed before entering basics. Law Week CDs are also taken by officers challenging POST. As always, all CD training provided by POST is available to in-service officers for added in-service training hours.

Reserve Officers

Reserve Officer
Volunteer Coordinator
Craig Rhom

Reserve Officer
Volunteer Coordinator
Bob Egan

Reserve Officers Craig Rhom and Bob Egan volunteer hundreds of hours annually to coordinate Reserve Academies and develop in-service training for Reserve Officers in Idaho. In 2006, 19 new Reserve Officers graduated. Two were from Salmon PD, four from Lincoln CSO, who used a trial run of a distance learning option for the academy. This was also the highest scoring academy to date with the average score of 90.6%, the lowest was 82%.

Academies – Juvenile Detention and Probation

We have had quite a busy year since our last annual report. Eleven officers successfully challenged the last Juvenile Probation Challenge Academy in September 2005. Twenty-eight juvenile probation officers graduated on March 31, 2006 after an intense two-week training at POST. Drew McLain, Bonner County Juvenile Probation, was awarded both the Certificate of Achievement and Team Leadership award.

Two Juvenile Detention Academies were also held in fiscal year 2006. Nineteen officers graduated December 9, 2005 from Juvenile Detention Academy #13. Dennis Hatch, Snake River Juvenile Detention Center, was given the Certificate of Achievement Award and Ed McCollum, Bonner County Juvenile Detention Center, was given the Team Leadership Award. Our last academy for this year was held in May. Twenty-six officers representing nine juvenile detention centers graduated May 19, 2006. Ken Kuiper, District 1 Juvenile Detention Center, was awarded both the Certificate of Achievement and Team Leadership award.

Of course, our academies would not be a reality without the help and support given by County Juvenile Probation Agencies, the County Juvenile Detention Centers and the Department of Juvenile Corrections. Thanks to all of our instructors who take the time out of their busy schedules to share their knowledge and expertise to make the juvenile academies successful.

Grant-Funded Training

Grants Training Specialist - Marti Monk

Grants Training Assistant - Mindy Peper

BYRNE GRANT 2005 – 2006 \$84,015

It is estimated that approximately one hundred seventy-five (175) police officers are working part time or full time within Idaho's schools. In many cases these officers received little or no training as a school resource officer (SRO). The 2005-2006 Bryne/JAG grant provided four hundred eighty-four (484) officers with five hundred-forty (540) hours of training specific to school-based policing.

Such training included Train-the-Trainer classes on *Internet Safety, Recognizing and De-Escalating Volatile Situations in the Schools, and Drug Recognition Training*. Follow-up student evaluations indicated an overall increase in knowledge and higher confidence in carrying out the duties of a school resource officer.

In June 2006, seventy-one (71) Idaho school resource officers received training focusing specifically on school policing. Topics covered during the 80 hours of Basic SRO and Intermediate/Advanced SRO training consisted of *Understanding the Role of the SRO, Counseling and Interviewing Students and the Development and Implementation of School Safety Plans*. Student evaluations again reflected an increase in knowledge and understanding of school-based policing.

In addition, the Byrne/JAG grant assisted Idaho School Resource Officers in establishing their own professional organization. Currently, the *Idaho Campus Officers and Professionals for Safe Schools (ICOPSS)* organization has filed Articles of Incorporation with the State of Idaho, elected a board of directors, established a website and are conducting an active membership campaign. The grant will continue training ICOPSS officers and other SROs in methods needed to maintain this worthwhile organization.

Training classes are already scheduled for the 2006-2007 grant period. POST is again looking forward to another year of assisting state law enforcement agencies in placing a higher level of trained School Resource Officers within the schools of Idaho. ~MM

MULTIDISCIPLINARY GRANT

Multidisciplinary teams (MDTs) coordinate the efforts of various community agencies who have a legal responsibility in the investigation and disposition of cases involving child abuse and neglect. At a minimum, MDTs consist of a representative from the prosecuting attorney's office, law enforcement, and Department of Health and Welfare child protection risk assessment staff. Members may also include a representative from the Guardian ad Litem program, juvenile and adult probation, medical personnel, school officials, and any other person deemed beneficial because of their roles in cases concerning child abuse and neglect. Through a grant from the Criminal Justice Act, POST supports the development and enhancement of Multi-disciplinary Child Abuse Teams in conjunction with the Idaho Department of Health and Welfare. POST provides administrative support to the Governor's Task Force on Children at Risk (CARTF) and administers grants to counties for MDT enhancement.

This past year, POST awarded \$7,136 for the enhancement of county MDTs through the purchase of equipment and training. POST also administered \$57,000 to various child advocacy centers throughout the state. These funds will help with the purchase of medical equipment, marketing brochures, updating protocols, educational materials, reporting and tracking software, and the production of a training video. ~MP

Grant-Funded Training

Dormatory

STOP VIOLENCE AGAINST WOMEN GRANT

The STOP grant is funded by the Office on Violence Against Women as a result of the Violence Against Women Act of 1994. The primary function of this grant is to provide multi-faceted training to further combat domestic violence throughout Idaho. Earlier STOP projects have included stalking diaries, standardized domestic violence curriculum, scenario-based training for law enforcement professionals, forensic training for first responders, and interactive, web-based domestic violence, sexual assault, and elder abuse training available on CDs.

This past year, POST, in collaboration with Boise State University and AARP Idaho, utilized funds to train professionals about elder fraud and abuse cases. Over 3,000 suspected cases of adult abuse are currently reported to the authorities in Idaho each year. As the Idaho population ages, it is imperative professionals understand how to manage and address these issues. A two-day summit held in May 2006 offered a multi-disciplinary perspective on the financial and physical abuse of elders and how to investigate, manage, and prosecute such cases. 132 professionals from across the state attended the summit and learned first-hand how to overcome obstacles to the successful prosecution of elder abuse and fraud. Workshops included identifying and screening elder abuse, interviewing vulnerable elders, the process of adult protection, and the nature and prevention of economic fraud crimes.

Day-two of the summit encouraged seniors in the community to educate and arm themselves with knowledge to prevent fraud and exploitation. Over 400 seniors attended various practical workshops focused on identity theft, e-mail phishing techniques, insurance and security fraud, lottery, home improvement, and charity scams, and fraud fighter training.

The summit afforded excellent opportunities for professionals to network with local and national resources, embrace new perspectives, and learn additional techniques in the fight against elder abuse and exploitation. ~MP

Administrative Assistant- Tamara Kelly

Savings to State - Dorm vs. Motel
\$565,279.65

State Contract \$18.00 vs.
State Meal Allowance \$30.00
\$177,408.00

Grand Total Savings - \$742,687.65

369 officers attending in-service schools stayed in the dorm for an accumulated total of 2,148 nights. If these officers would have stayed in a motel, at an average of \$45.00 per night, the cost would have been \$96,660.00. Our budgeted expenses to operate the dorm were approximately \$48,820.35 -- for a total savings of \$47,839.65.

165 officers attending the Patrol Academy utilized the dorm for an accumulated total of 11,220 nights. Using the above figure of \$45.00 per night, it would have cost \$504,900.00 to house these officers in a motel. Our costs for the dorm were approximately \$10.00 per night, or \$112,200.00 -- for a total savings of \$392,700.00.

108 officers attending the Detention Academy utilized the dorm for an accumulated total of 3,564 nights. Again, using the above figure of \$45.00 per night, it would have cost \$160,380.00 to house these officers in a motel. Dorm costs were \$10.00 per night, or \$35,640.00 -- for a total savings of \$124,740.00.

Total savings to the State of Idaho by utilizing the dorm is approximately \$565,279.65 per year.

By utilizing the State contract for meals, there was an additional savings of \$177,408.00 from the \$30.00 per day State meal allowance.

Region 2 Assistant
Janie Kirtley

We who live in the great state of Idaho know what a 'gem' it really is. As I travel from south to north, east to west, I never tire of the changes in scenery. But now, as we all know, other folks have discovered our secret. All kinds of interest comes from people of the west coast states as they seek to find a better 'quality of life'. What a great place to live and raise a family or to retire to.

Another reason I think that folks are moving here is to enjoy the innovations and progressiveness that Idaho has become known for. If you go anywhere in the US, and talk to anyone about Crime Prevention, Idaho always rises to the top of the list in innovation and productivity. Our Idaho Crime Prevention Association is a leader nationally and is recognized and referred to often. This year we are celebrating our 25th year as an Association of public and private professionals whose goal is to promote prevention and make our communities safer.

Much has been accomplished in the past 25 years and as a state we can be proud of the efforts these professionals have put in. Most of the effort is not compensated for. That means most of the prevention efforts have been over and above the regular forty-hour workweek and in addition to other duties as assigned. A few agencies have the luxury and foresight to create special units or work groups to handle the prevention efforts for their constituents. However, for most it was over and above their regular assigned duties.

Bullying, stranger abduction and abuse, family abuse... the key to the safety of our kids is a continuing

push for prevention. In many cases the children are not being protected at home so school, police, community and faith-based programs are what they have to rely on for their safety.

The D.A.R.E. program, School Resource Officers, PAYADA, Drug Free Schools Initiative, and many Homeland Security programs are working hard to protect kids and provide them with tools to be aware and cautious wherever they are and whatever they are doing.

Internet safety is a big concern as more kids at all ages are using computers both at home and at school. We welcome the involvement of the Idaho Attorney General, the Office of the First Lady of Idaho and many other organizations, both local and on the national level, who have gotten involved in many important crime prevention initiatives. Internet safety and personal safety is and always has been a big concern for parents and law enforcement personnel who work with kids at all levels. We will be putting added focus on this crime in the coming year.

A key component in any of the above programs is the involvement of adults who kids feel safe talking to. Whether it is bullying on the school grounds, drug abuse in the family home, or physical or sexual abuse, children must feel safe in talking to trusted adults. Role models who kids can look up to and trust are not easy to find now days and we hope that we who do work with kids are living up to that standard. ~LMcG

Region 3 In-Service Training

Expenditure Report FY06

Region 3
Training
Coordinator
Rory Olsen

Another year has past and it is time to reflect back over what has happened during that year. This last year within Region 3 we have seen many things happen. Some agencies have seen personnel come, but many have seen personnel go. This has caused a lot of trying times for agencies as they struggled to fill vacant positions. However, this turnover has also resulted in a lot of turnover within the instructor ranks. To help with this problem, last year Region 3 POST focused on offering all of the main instructor courses. Instructor classes we offered included: Firearms, Arrest Technique, Weapon Retention, Impact Weapon, O.C., and Ground Control. I have also been working with the master instructors in Instructor Development to help train some more Instructor Development instructors. I am happy to say that through this we have gained five new instructors for this topic and have one more working through the process. What does this mean for Region 3? This means we will be able to offer more Instructor Development courses in the future. For a long time, the lack of opportunities to take Instructor Development classes has been a bottle neck to developing more instructors. Hopefully, with these new instructors coming online, we will be able to offer more Instructor Development courses then ever before. So what's ahead in Region 3? This year I would really like to have all of the training contacts from all of the agencies within the region come together for a meeting. At that meeting, I would like to discuss current training needs, future training needs, and agency plans for training for the next year. My hope is that we can improve upon the sharing of training throughout the region while addressing our training needs. Also, as always, keep your eye on the training calendar page on the POST website. We are currently working on some training for this summer that will be free of charge. YES, I SAID FREE!
