

ADA COUNTY SHERIFF'S OFFICE

PRESENTS

TASER® Technical Solutions and Investigations Course

TASER® International, Inc.

DATE:

July 30 & 31, 2014

Description:

This course will provide students with detailed information on how the TASER X26, X26P and X2 Conducted Electrical Weapon (CEWs) operate and how to properly maintain them. Students will be shown troubleshooting and preventative maintenance procedures. This course will also cover techniques for proper collection and analysis of the physical and digital evidence associated with the deployment of a TASER® brand CEW. Topics covered include:

- ✓ TASER CEW components
- ✓ Cartridges
- ✓ TASER CEW operating firmware
- ✓ Power sources
- ✓ Troubleshooting
- ✓ Preventative maintenance
- ✓ TASER Cam and TASER Cam HD
- ✓ Data and video downloads
- ✓ Evidence Sync
- ✓ Evidence.com
- ✓ Digital evidence
- ✓ Physical evidence collection and analysis

The TASER Technical Solutions and Investigations Course will give student a more thorough understanding of:

- ✓ How TASER CEWs operate
- ✓ How to conduct preventive maintenance on the TASER CEWs
- ✓ How to diagnose a malfunction
- ✓ What repairs can be made in the field and how to perform them
- ✓ How to minimize turnaround time for weapons that need to be repaired at the factory
- ✓ How to conduct downloads and interpret firing data
- ✓ How to recover and interpret TASER CEW data downloads and resolve time discrepancies
- ✓ How to properly collect evidence and preserve it for later analysis
- ✓ How to determine if TASER probes made contact with a subject
- ✓ How to determine if a circuit was completed and electricity was delivered to a subject
