

“We’ve Been There...”

Since 2007 TAC*ONE Consulting has held numerous active shooter training courses to prepare school districts and law enforcement throughout the United States to effectively respond to an active shooter situation. Over the years word of mouth has spread, allowing us to continue to expand and enhance our programs.

Officer Down / Mass Casualty Care Course

Officer Down / Mass Casualty

Officer Down/Mass Casualty Care provides the latest medical training used by the military and law enforcement to treat major bleeding, trauma, and shock in a hostile environment. Attendees will learn many different methods of gaining control of a traumatic injury. They will also learn to properly evacuate the casualty to a safe location for further treatment or to identify other life threatening emergencies. This course will finalize the process by training to start the vital triaging process in the event of mass casualties.

Law enforcement continues to become more dangerous everyday across the United States, Officers need advanced training to have the skills to make a difference. This course will challenge you mentally, physically and will give you knowledge needed to self-aid and care for others. This course will have hands on exercises and "force on force" scenarios to help students understand the application of methods learned.

Ask yourself this, if you are on a traffic stop, on scene at a domestic and get injured do you know what to do? You respond to a shooting with several casualties who needs to be transported first and why? Emergency Medical Services response is an average of five minutes this is if the scene is safe to provide emergency care. You or someone else can bleed to death in 3-5 minutes get the knowledge and training needed to be the difference and save lives.
