PHYSICAL SECURITY ASSESSMENT TRAINING

DESCRIPTION:

The Federal Law Enforcement Training Centers (FLETC) invites you to attend the Physical Security Assessment Training (PSAT). The PSAT is a three-day course that provides attendees with an overview of how to conduct physical security assessments of venues such as Houses of Worship, Schools and other venues of interest. The training includes: an overview of threats that may pertain to these types of venues, a look at the Detect, Delay, and Respond phases of a security program, and how to evaluate the current state of existing physical security measures at a venue. Attendees will conduct an assessment of a venue and prepare examples of Options for Consideration (OFC's) for identified vulnerabilities.

Check the FLETC APPLICATION FOR STUDENT TRAINING (FAST) site (listed above) for all available training open to State, Local and Tribal Sworn Law Enforcement Officers and some Direct Law Enforcement Support Personnel (DLESP).
