

RECOGNIZING PRE-ATTACK INDICATORS

Join the ultimate course in understanding and anticipating potential attacks. In this comprehensive training you will gain invaluable insights into the subtle movements and non-verbal cues that often precede acts of aggression. Throughout the course you will delve deep into the world of nonverbal behavior, offering a detailed exploration of the physical signs that typically manifest prior to a physical assault. By developing the ability to articulate these indicators rather than relying solely on intuition, you can effectively recognize and prepare for an impending attack providing you with crucial time to defend yourself.

Numerous law enforcement officers from across the nation benefited from this training, attesting to their ability to identify the pre-attack cues learned and ensuring personal safety.

100% Recommended training with Hundreds of reviews in 2024 on LEO Network

"Excellent training every LE Officer should attend to be insightful and gain knowledge of possible pre-attack situations. The instructor does an outstanding job explaining how a situation may occur based on body language and movements."

"Wonderful class, even better presentation. Class was entertaining and extremely helpful. I can't say enough good about the class and instructor."

"Great course. Very informative and could potentially save officer lives."
