Course Description:

This course prepares students for the potential of the rapid transition from surveillance to exigent circumstance rescues where Undercover (UC) officers or Confidential Informants (CI's) are placed in physical harm or life-threatening situations.

This 3-day UC/CI Rescue course is structured for Street Crimes Units, Undercover Units, or any other Investigative Unit that utilizes UC officers or CI's. It was developed from experiences while conducting, investigating, managing, and leading undercover operations.
