Emerging Legal Trends

Emerging Legal Trends dives deep into ten search and seizure areas that officers and command staff must understand. These areas include topics such as drones, curtilage, trespass searches and more. The instruction is eye-opening, fast paced and never boring. Our instructors are retired police officers turned attorneys and know what you face when making legal decisions. (Book included with each registration: Search & Seizure Survival Guide)

Advanced Criminal Investigations

Real World De-Escalation

Our De-escalation Tactics course is a must-attend. Decades of police training have focused on using force to overcome resistance, but mastering de-escalation is just as important. Our training program will provide you with practical and workable tactics to help de-escalate encounters.

Duty to Intervene

If we are to police others, we must also police ourselves. The law requires real-time intervention when a fellow officer, from any agency, goes down the wrong path and violates the law. Failing to intervene may result in termination, criminal charges, and civil rights lawsuits.
