

Easy Drift-Idaho Falls

Credit Hours: 8

Course Number: R4 127

Email ceipost@cei.edu for registration information.

Course Description:

Emergency Vehicle Operations is one of the most dangerous and litigious disciplines within law enforcement.

The skills required to remain proficient are extremely perishable and must be regularly practiced. This course will introduce LEO professionals to the EASYDRIFT Driver Training System (DTS). EASYDRIFT is a completely new and revolutionary product that was primarily designed to save lives, by teaching people the physics of driving. EASYDRIFT is a new concept that replicates very low grip conditions without altering the vehicle's dynamics.

The patented EASYDRIFT Driver Training System is composed of a specific designed ring that slides over the tire. It is made of a very high-tech nylon-based polymer.

This course is designed for law enforcement professionals needing the required EVOC hours to maintain their basic LEO certification.

Prerequisites for Attendance:

Basic LEO certification

Completed a basic EVOC course

Registration: Class is limited to 12 students.

Cost: \$199

Attendees are responsible for Meals, Travel and Lodging
