

SRO TWO-DAY COURSE BREACH + SHOOT

Hosted by Idaho Falls PD

**SPONSORED SPOTS AVAILABLE THROUGH
FORTIFIED SCHOOLS FOUNDATION
CONTACT@FORTIFIEDSCHOOLSFOUNDATION.COM**

July 14th & 15th

Most first-arriving units must both gain rapid entry and immediately engage threats with speed and accuracy. Traditional training often separates breaching skills from realistic, performance pistol fundamentals on demand. This integrated, practical course merges Manual, mechanical, and ballistic skills: students learn to rapidly and safely breach residential and commercial doors (ram, halligan, shotgun and mechanical tools), secure points of entry, and immediately apply performance pistol fundamentals — delivering accurate, high-speed fire on demand once the decision to shoot has been made.
