

LOW LIGHT SHOOTING COURSE

26-27 JULY 2020

This course is designed for the law enforcement end-user. Shooting in low-light has long been a required and very necessary skill for law enforcement officers. This 2-day course will provide the end-user with the fundamental concepts and principles to properly manipulate and deploy a handgun and rifle during low light conditions. This will be a reverse cycle training course starting at 1700 hours each day! Instruction will be at the range, on the range...

SERVE WITH HONOR
PROTECT WITH COURAGE
TRAIN WITH PASSION
